Online portals

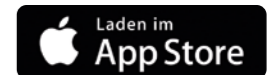

Internet-based learning programmes, e.g. on the subjects of stress reduction and nutrition

Finders for doctors, clinics or care

Our three databases DoctorFinder, ClinicFinder or CareFinder help you in your search. The CareFinder helps relatives look for a care home near them, for example.

Communicate with us by app

„My energie-BKK“ is the safe digital communication platform of energie-BKK: It serves for encrypted exchanges and to send important documents. This saves you a lot of time and postage as an insurance holder, keeps you abreast of important health issues, and solves your concerns without hassle.

Private supplementary insurance ExtraPlus

In cooperation with Barmenia Health Insurance, we have developed tailor-made supplementary insurance policies for you that meet the highest demands – individually combinable and at an exemplarily favourable price. More information at www.energie-bkk.extra-plus.de

Twice the benefit: Optional rates and 5 bonus programmes

What is energie-BKK actually doing for insurance holders who take care of their health? We attach particular importance to this, and have developed optional rates as well as bonus programmes for you to benefit from in your individual situation. Enjoy refunds you can use for an additional private insurance or simply for your health.

Prevention bonus and kids bonus

Early detection for children and adults is active prevention. Our prevention bonus rewards your contribution to taking care of yourself. Children and adults receive growing bonuses from as early as the very first screening:

- 5 €** for the 1st screening
- 5 €** for the 2nd screening
- 10 €** for every further screening

Active bonus

Full steam ahead – sportive insurance holders can qualify for our active bonus. Join in and get up to **€ 70** for your fitness. You can simply and quickly upload your bonus activities by app or via the online service.

Mama bonus and baby bonus

Mamas to be enjoy our **€ 100 mama bonus** if they have done all the screenings in their pregnancy. Grasp the opportunity for your child: Our **baby bonus** of up to **€ 120** becomes available once your baby has taken part in a number of important early detection and vaccination programmes.

PrämiePlus optional tariff

With our PrämiePlus optional tariff, your health really pays off! If you use no or just a few services in the space of a year, we will reward you with a premium of up to **€ 400** per year!

Up to **400 €**
in health benefits!

Active prevention counts

Health is something unique, and the basis of our well-being and capabilities. energie-BKK supports you in maintaining your health for the long term and in enhancing your quality of life. We can offer our insurance holders versatile health courses and prevention services. And you can also count on us when it comes to the right vaccination at the right time.

Health trips and courses

- Exclusive course programmes
„fit for well“ or „Aktivwoche“ offer compact courses promoting health at selected locations (subsidized with up to **€ 160** per measure).
- Health trips
If you are insured with energie-BKK, you'll enjoy special discounts at the health trip providers „Aktivera“ and „AktiPlus“.
- Local health courses
Certified health courses from our prevention database such as yoga classes, for example, are subsidized with **€ 80** per course and calendar year (up to 2 courses per year).

Health check-ups

- Sports medicals
We will subsidize your sports screenings based on medical certificates with up to **140 €** every two years.
- Intima media thickness measurement
Up to **€ 100** per year
- Additional health screenings
For specific pre-existing conditions (up to **€ 100**, once every 3 years)

Cancer screening – earlier than normal

- Cancer prevention
Colonoscopy for women under 55, for men under 50, up to **€ 120** per year
- Skin cancer screening
Free screening – every 2 years, without surcharge and with reflected-light microscopy. **Our plus:** We will cover the costs from as young an age **as 15 years** (normally only from 35 years) at special contracted physicians!
- Breast cancer screening*
discovering hands – Palpation screening is an effective complement and extra service regardless of age (subsidy up to **€ 100** per calendar year).
Sono-check, ultrasound screenings, mammography under 50 (up to **€ 100** per calendar year)

Vaccinations

- Cost coverage from your health insurance card for all vaccinations recommended by the Standing Committee on Immunization
- Full cost refund for other vaccinations recommended by physicians for your country
- 80 percent of the costs for travel vaccines (up to **€ 400** per year)

Your smile is worth it for us

Everyone who is insured with energie-BKK gets free dental treatment via their health card. In the process, we will not only cover the costs of acute complaints, but also of preventive treatments, required periodontal treatments, and consultancy in dental care and mouth hygiene.

Professional tooth cleaning

You are entitled to a professional tooth cleaning twice a year. energie-BKK refunds up to **€ 25** per tooth cleaning for all age groups!

Free second dentist's opinion

Upload your denture treatment and cost plan at www.2te-ZahnarztMeinung.de. Dentists from your town or region will then compete for the treatment with their offers. Compare them and save money.

Orthodontic retainers

Up to **€ 100** cost refund per jaw for fixed orthodontic retainers (with previous orthodontic treatment up to the age of 18).

3 additional dental check-ups in our „milk tooth check“

Three dental screenings for children aged 3 to 6 ensure a good basis for later.

Savings for you

We have entered into a special healthcare contract with Indento GmbH for you. Your benefits at participating dentists by way of the nationwide dent-net® network:

- Great savings for dentures and services not covered by the insurance policy,
- Implants at all-in prices,
- Extended 5-year warranty instead of the legally required 2 years to underscore the unique quality of the dentures,
- One free professional tooth cleaning in pregnancy.

Supplementary services

- Fissure sealing for premolars in the permanent dentition from age 6 to 18 (up to **€ 100** per calendar year).
- General anaesthetic for surgical removal of wisdom teeth (80 %, up to **€ 100** per calendar year).

2 x 25 €

benefit
for all ages!

Alternative healing methods

Many conditions and illnesses can be relieved or even completely prevented by a sensible lifestyle. If medical help should be required nonetheless, alternative healing methods can meaningfully complement conventional medicine.

Medication for homeopathy, anthroposophy and phytotherapy

Cost refund for non-prescription, pharmacy-only medicines (up to **€ 100** per calendar year) prescribed by a physician.

Acupuncture

Full cost coverage for chronic knee and lower back conditions. Paid by way of your health card.

Homeopathic treatment

Cost coverage for first and subsequent anamneses at our contracted physicians. Paid by way of your health card.

Supplementary naturopathy insurance

In cooperation with the independent prevention specialists at PLUS-GKV, energie-BKK offers a meaningful addition to your insurance coverage with this private supplementary insurance.

Osteopathy

As an extra service and regardless of your age, we will subsidize three treatments by a quality-assured service provider per calendar year upon prescription by a physician. We will refund up to **€ 30** per treatment.

**3 x 30 €

2.860 good reasons for switching to energie-BKK

Not only do we offer outstanding services, we also reach a high to excellent performance level, as current comparisons confirm: Top Health insurance in Focus Money (07/2022), recommendation by finanztip (01/2023), Best Service according to Handelsblatt (08/2022).

See for yourself: Up to

- € 400 for travel vaccinations
- 100 % coverage of all medically recommended vaccinations,
- € 660 for families with a prevention, kids, active and mama/baby bonus
- € 720 extra budget for pregnancy and childbirth
- € 1.080 worth of refunds for adults**
- Access to excellent medical care
- 24 hours of medical health consultation with a doctor's hotline
- Smart and quick: tick off important tasks via app.

Note: This exemplary calculation does not constitute any claims for reimbursement/coverage of costs. The statute of energie-BKK applies. * Example for a family of four with two children, ** example including 80% grant for travel vaccinations
